

Free SD62 Pro-D: Science Ventures

November 25th @ UVic.

9:00am – 2:00pm

The Curriculum and Learning team is excited to provide a day full of hands-on learning opportunities with Science Ventures. UVic's Science Venture is a non-profit organization that offers hands-on, minds-on learning opportunities for grades 1 through 12. Specifically, teachers will have the opportunity to explore Computational thinking strategies and activities, learn the basics of Scratch, program a robot, and learn about other ADST and Coding activities.

Please contact **Kristy Caldwell** to register kcaldwell@sd62.bc.ca
